Volume XVI, Issue 1
May 2023

FROM THE PRESIDENT

Dear Members,

Looking outside, it is hard to believe that the course will open in a few weeks. It feels like the longest winter ever!!!

The new Clubhouse grill room and addition look great and will be completed soon. Our first event is the Mother's Day Brunch, Sunday May 14. Due to weather delays, deck construction will extend into mid-May. Also, we have a new front entry door, new carpeting on both levels, and new epoxy flooring in the locker rooms.

The capital improvement fundraising effort is kicking off shortly and we will be selling raffle tickets with many prizes to be awarded around the 4th of July. Please support this effort!

This will be an exciting year with our new grill room, and we look forward to your involvement at the Club through participating in events and in volunteering opportunities.

Hope to see you this year at the Club!

Best wishes,

Tim Virant, President
ECC Board of Directors

The ECC ProShop

I'm sure all ECC members are as excited as I am to get rid of the snow and welcome the 2023 golf season on our beautiful course. We can't wait for you to see our newly renovated ProShop. We're sure you'll be proud of the shop and will be anxious to show us off to your family and friends. We have some new men's lines, many new hats and accessories. So come check us out.

Jason Teragawa has returned for his third season. He will be offering lessons and clinics, event coordination, and will help you with any questions concerning clubs and equipment. Contact him to get new club grips to start the season.

We'll have some new and some familiar faces assisting in the ProShop this year. We're looking forward to having Bridget Strudwick helping out, also. Stop and say "hi" to our helpful staff.

We want to thank you for your support. Because of our strong membership we had record numbers in the ProShop last year and have no reason to believe this year will be any different. The ProShop serves at the pleasure of the members and we welcome any suggestions or concerns.

Tom Lisenby, ProShop Liaison

The ProShop offers a wonderful selection of apparel again this year. The Buying Committee (Cathy Lisenby, Jane Stunkard, Terri Nelson, Jason Teragawa, Tom Lisenby, and Nate Lehmann) have ordered a variety of items from numerous vendors. Many thanks to Barb Richards, Mike and Terri Kern, Kathy Nelson, Pat Tamminen and Mary Skorjanec in helping get the ProShop ready for the season. Also, thanks again this year to Maggie Hillmer for her help supporting the ProShop and Restaurant with the new POS System.

From the ECC ProShop

Spring is soon upon us. I'm happy to be back and look forward to seeing you all again very soon. I'd like to give a special thank you to everyone who made our Clubhouse renovations possible. We are truly fortunate to have such compassionate and caring people here at Eshquaguma.

GOLF COURSE CONDITIONS First and foremost is the safety of our golf course. May can be a challenging month at times and the golf course might not always be playable. Let's do everything we can to give our golf course the best chance for another successful summer.

New Point of Sale System for 2023

You hopefully won't notice any difference, but ECC is implementing a new **Point of Sale (POS)** system this year that will function in both the Restaurant and the ProShop. New hardware and software will be installed prior to opening. We are expecting a quicker and more accurate checkout process and we will gain efficiencies with bookkeeping.

Of course, any billing system begins with accuracy and to attain that we request that you tell your server what your member number is at first, when you sit down or when you order by phone. Yes, they'll remember many of us, but it

is best for all to simply make note of it at first avoiding any complications and confusion. Please be patient with staff as they learn the new system. Like anything new, it takes time to learn and get comfortable with it. If you have any questions or concerns please contact any ECC Board Member to share those questions or concerns. Let's all go easy on staff as we transition to the new system.

2023 ECC Men's Club Preview

The ECC Men's Club was busy again this offseason trying to develop a better golfing and social atmosphere for men at ECC. The good news! The efforts are paying off as the 2022 men's guest day had record numbers and the year-end men's tournament participation has increased over the last number of years. However – there is always room for more golf! The Men's Club was established fourteen years ago to bring golfers of all skill together to enjoy time on the golf course and then on the 19th hole where nobody has ever missed a shot! Here's what's on tap for this year's schedule.

Wednesday Evening Events

Be on the e-mail lookout for special Wednesday events with a dedicated theme or format for play. The Wednesday Men's day has historically fallen victim to the same ol' same ol' golf groupings and it's hurt the Wednesday atmosphere. Proshop manager Jason will aim to spruce this golfing day up with the help of Tim Virant, Troy Hughes and Steve V Harms as his trusted advisors. If you are a previous Wednesday afternoon regular, perhaps you'll consider playing with a different group in an effort to grow the men's game at ECC!

Special Golf Events

The Men's Club will again host a structured Men's Guest Day on Wednesday, July 26. Start planning your guest(s) now for a fun afternoon showcasing ECC!

The final scheduled event of the '23 ECC men's club season (August 17-20) will be the annual match play championship in August.

New Event Ideas – member-guest Friday/Saturday event; a hosted junior event; a Fall sport shoot and golf event. Volunteers

are needed to get these events off the ground.

Social Events

Most of the golfing community can attest that the best shots hit during the day are on the 19th hole. In 2023, the Men's Club is going to schedule a few social type events in an effort to connect active golfers with non-golfing members. Be on the lookout for e-mail blasts or Echo announcements advertising these events.

Dues and Handicaps

During 2023, there will be significant emphasis on members establishing and maintaining a current handicap index. Handicaps enable golfers of all skill levels to compete on an equitable basis. Golfers must post all scores and regular posting will be monitored by the Proshop. Not posting scores regularly or accurately could preclude members from participation in certain men's club events.

Get involved with the ECC men's club now and help make

2023 a successful season that will get more golfers on the course and establish a better camaraderie among our golfing brethren. For more information on the ECC men's Club or if you have a suggestion, please e-mail the men's club at matt@gilbertbank.com. **Play golf Eshquaguma!**

Deadline for inactivating MGA handicap index is May 14, 2023. Please contact the Proshop to updated your 2023 handicap card desires. Those active on the roster will get billed later this season (\$30)

Golf Punch Cards are back for '23

Corporate members who pay their dues in full by April 30th will receive a punch card for **4 free rounds of golf** for the 2023 season!

The punch cards are available now and will be kept in the ProShop so members don't have to keep track of them.

Eshquaguma Country Club Project Construction Update

In June of 2022, Hiner Homes Design and Veshe', Inc. put together drawings and designs for the July fundraiser. 3D drawings were created. It was decided that an architect and engineer are needed for this project. Foundations Architecture – Greg Strom and Hurst & Henrichs – Jim Berry are hired into these roles. Hiner Homes works as the drafting agent working with Foundations Architecture and Hurst & Henrichs to get the drawings started. Nathan Salo Construction is asked to look at completing the excavation work to get this project started. Calgaro Tree Service is brought in to remove pine trees so work can begin.

The Fall of '22 will be remembered for many years to come. An initial construction meeting onsite was held on September 3, 2022 with Nathan Salo Construction, Lakehead Constructors Inc. and Don Holm Construction all in attendance to get the earthwork started. Rick's Tree Service was onsite to remove the trees where the addition will be constructed. Construction blueprint drawings were at 90% completion.

Groundbreaking on the Clubhouse Project began on September 15, 2022 with the front deck being removed by Joe Bianchet, Jobsite Superintendent and the Donald Holm Construction Crew. Excavation around the perimeter of the old clubhouse began soon thereafter. One of the initial findings was that the foundation was in need of significant reinforcement. In addition, there was no evidence of drain tiles

(Continued on next page)

(Continued from previous page)

being present which was quickly remediated by the Holm Construction crew with the assistance of Hedberg Construction who was brought in to complete the excavation for underpinning to keep the project progressing. Home Menders Inc. was hired by DHC to complete the concrete footings, walls and slabs. Lakehead Constructors Inc. subcontracted HMI direct to complete the underpinning of the foundations to keep this extra cost as minimal as possible. DHC and HMI completed the underpinning along with footings, walls and waterproofing of addition. Nathan Salo Const. backfilled and shapes area.

We watched as the DHC crew disassembled the old clubhouse down to the first floor level of the old building. It was strange to see the new skeleton of the clubhouse being erected to replace the old one. One thing for certain was that this time the construction methods utilized will be first class. The new lakeside addition was added with basement storage added underneath. The new floor and walls were erected around mid-November. The new Kylmala Trusses installation was impressive to watch as the crew installed them with craftsman expertise. Didrikson Roofing was subcontracted by LCI to place new shingles on the entire building. December 25, the new clubhouse addition was weathertight to allow construction to continue throughout the winter months. Marvin Windows were installed by year-end.

LCI quotes out the siding to multiple lumberyards and places the order with Lamperts. Bar design details begin to come together with Veshe', Inc. TW Wood Design and LCI. The finish schedule is being finalized – faux beams, flooring, lighting, decks, railings, canopy, etc. with Sherry Simmons, Veshe' Interior Design. Sherry Simmons Principal Designer, Veshe Inc. Interior Design Studio helps the construction team along with members of the ECC House Decorating Committee in making these stylistic decisions.

Electrical specifications for fixtures and placement is finalized by Veshe' Inc. Hometown Electric is onsite for an electrical layout walk through. The project was definitely taking shape. Early March progress was a testament to the efforts of the crew over the winter. This project takes your breath away! We shared many photos of the project on the Eshquaguma Friends & Family Facebook page to keep members informed throughout the process. We feel so grateful for all contributions made by the construction crews throughout the project. They endured significant extreme weather hardships throughout the winter construction season and now we have this beautiful clubhouse to enjoy for many years.
